DIGITAL ADVENTURES IN SPACE

Magic Card Trick

On Earth magicians can amaze audiences by making a selected card rise from a pack. In space making things float is just too easy. Richard, a keen magician, created a number of fun and clever magic effects that made use of the fact that they were amazing when performed in space. We can't say how it's done, of course that's a magician's secret, but why don't you have a guess?
